

3.0 + EDR BLUETOOTH HEADSET MILTI CONNECTION

Thanks to this Bluetooth earpiece, you will be able to manage your calls, your music and any audio instructions (sta nav...) from your phone without holding it. Very easy to set up and use and compatible with all smartphones. You can pair two phones thanks to the multiconnection feature. The refined design and the adjustable earhook bring comfort and lightness and will fit every ear shape. Perfect for urban riders.
