

Presentation Laser

EASILY HOST YOUR MEETINGS!

The presentation laser remote control allows you to animate your meetings while remaining free of your movements. Thanks to its various features, scroll through your PowerPoint® or Keynote® slides and animations with a single click, from a distance of up to 20m. Its integrated laser allows you to draw attention to what you want to highlight. Multi-compatible wireless connection thanks to its double USB-A and USB-C dongle. The USB dongle is easily stored and removed from its location integrated into the remote control. Rechargeable by USB-C, the laser remote control gives you autonomy allowing you to chain hours of presentations.
