

LIGHTNING TO JACK 3.5MM ADAPTOR

ENJOY YOUR PLAYLIST EVEN WITHOUT A JACK PORT

More and more phones are launched without a 3.5mm jack port.

How to enjoy your music with your wired headphones or your favorite earphones ?

This Lightning to Jack 3.5mm adaptor allows you to connect a device with a jack port and connect it to your smartphone. In addition to listening to your favourite playlist, you can also receive and make calls, if your earphones (or headphones) are compatible with call pickup. Its small size will allow you to take it everywhere with you ; this can be very practical in case of battery failure of your Bluetooth headset !

This adapter is compatible with all iPhone from iPhone 7

Enjoy an optimum sound quality
