

Premium and 3 in 1 wireless adaptive car charger 15W

THE FAST WIRELESS CHARGE IN A COMPACT HOLDER !

Charge your smartphone thanks to this 3 in 1 automatic car holder with 15W turbo wireless charge.

Made for a car and truck use, the wireless charge automatically starts when placing your smartphone on the holder. Only works with compatible Smartphones (smartphone fitted with wireless receiver module or any wireless charging case).

The 1 USB QC3.0 car charger provided allow to charge wirelessly in turbo charge 15W. This charging holder works with a USB-C cable connected to a cigar-lighter charger (both cable and USB charger are included).

The built-in capacitor will allow you to open/close the holder once the car is off.

This holder is suitable to any type of vehicle thanks to the multi-surface suction cup (windscreen and dashboard) and air vent grid adaptor.

A touch button at the back of the holder will allow you to open the holder. The holder will fit smartphones up to 7".

The rotary head will allow you to use your smartphone on either landscape or portrait mode.
