Cloud LED wake-up light, wood finish

THE ALARM CLOCK THAT FITS PERFECTLY INTO YOUR DECORATION

Add a trendy touch to your interior with this cloud-shaped, wood-finish LED alarm clock!
Find the time and indoor temperature at a glance.
Take advantage of the multi-alarm mode to program up to 3 different alarms to wake you up gently. In addition, thanks to the "week" mode, the alarm automatically pauses on weekends, you do not need to deprogram it.
The alarm clock has 3 brightness levels and automatic adjustment between 6 p.m. and 7 a.m. to adapt the brightness to the surrounding light.
You have the choice between classic mode, in which the time display remains constant, or energy saving mode in which the display turns off after 15 seconds. The alarm clock then turns back on by touch or by voice.
Thanks to the memory function, you do not need to reconfigure the time and alarm if the alarm clock is turned off.
This JOY alarm clock will fit perfectly into your interior!
