FM LED alarm clock radio in wood finish

THE CLOCK RADIO THAT FITS PERFECTLY INTO YOUR DECORATION

Add a trendy touch to your interior with this LED clock radio in wood finish! Find essential information: time, interior temperature. Listen to FM radio with ease thanks to automatic station scanning. Program your alarm and choose to wake up with a classic "beep" or with the last FM station listened to. In addition, thanks to the "week" mode, the alarm automatically pauses on weekends, you do not need to deprogram it. The alarm clock has 3 brightness levels and automatic adjustment between 6 p.m. and 7 a.m. to adapt the brightness to the surrounding light. You have the choice between classic mode, in which the time display remains constant, or energy saving mode in which the display turns off after 15 seconds. The alarm clock then turns back on by touch or by voice. Activate power saving mode and simply tap the alarm clock to display the time. This JOY alarm clock will fit perfectly into your interior!

BOX CONTENTS
