### ARK 2.0 speakers: DESIGN & POWERFUL

Thanks to the powerful and clear sound you will enjoy your best playlists, videos and games in the best conditions!

Your speakers are powered by the USB port of your laptop or notebook: no wall outlet required. You can connect them to any audio source with a standard 3.5mm jack, such as the headphone jack on your MP3 player, PC, or smartphone. The volume controls allow you to quickly get the sound you want.

**Quality sound**
