

12V CAR STARTER

NEVER RUN OUT OF BATTERY !

Thanks to this Emergency Battery Starter (Jump Starter) you won't have to worry anymore about your empty battery and not being able to start your car.

Compatible with any 12V battery, it can deliver enough power to start Gas engines (up to 4L) and Diesel engines (up to 2.5L).

Provided with an emergency lamp, this Jump Starter will be your best friend in case of emergency. It can also be used as a powerbank thanks to its additional USB ports.

Use the micro-USB port (5V/2A) or USB-C (5V/1.5A) to charge the device after each use.

Full charging cycle : About 6 hours

Emergency start of your vehicle (battery)
