ERGONOMIC - Wired ergonomic keyboard with magnetic wrist rest

COMBINE ELEGANCE AND PERFORMANCE!

Ergonomically shaped keyboard with numeric keypad.
Its ergonomic wave shape minimizes the movement of the wrists in order to reach all the keys with minimum effort. This relieves the wrists for long uses such as at work.
Its undulation allows an easy and instinctive grip, even for those uninitiated to ergonomic keyboards.
Its magnetic wrist rest allows support in front of the keyboard, ideal for not having to raise your arms. This avoids unnecessarily straining the arm muscles.
Adjustable tilt for an even more comfortable position.
Non-slip pads for firmly anchored use on the desk.

BOX CONTENTS

- 1x Wired ergonomic keyboard with magnetic wrist rest
