

ROPE - CABLE USB-C / JACK 3.5 2M

ENJOY YOUR MUSIC IN THE BEST WAY!

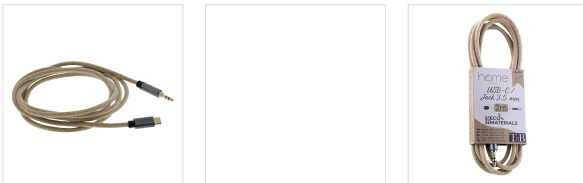

Compatibility: The USB-C / Jack 3.5 cable can be used with a wide variety of audio devices, such as smartphones, laptops, tablets and audio players.

Superior Audio Quality: The USB-C / Jack 3.5 cable is designed to deliver high quality audio transmission, with extended frequency response and minimal distortion. It is capable of handling high-resolution audio signals, such as lossless audio files (FLAC) and high-resolution audio files (Hi-Res).

Length: With a length of 2 meters, the cable allows a certain flexibility in the installation and the location of the devices.

Flexibility: Cotton cables are softer and more flexible than plastic cables, making them easier to handle and store. They can be easily rolled up and unrolled without any risk of twisting or tangling.

Aesthetics: Cotton cables have a more elegant appearance than traditional plastic cables.
