Eco-friendly French 13-14" laptop case in leather and felt - black/grey

SLEEVE ECO-FRIENDLY MADE-IN-FRANCE FOR THE DAILY PROTECTION OF YOUR LAPTOP.

This cover is 100% designed and produced in a factory in the south of France. It's made of high-quality eco felt and recycled leather for everyday laptop protection. With its authentic design, it will allow you to combine ecology and style! Eco felt is a material obtained by recycling plastic, it is durable, soft to the touch and resistant and it will protect your PC against daily shocks and scratches during all your journeys. Recycled leather comes from scrap material originally intended for disposal. Natural latex and a water-based varnish are added to make it resistant and beading without any chemicals.

T'nB has designed and manufactured this range of PC sleeves to promote French know-how and more local production. In a committed and responsible RSE approach, we provide products that are more respectful for people and the environment. The cover is equipped with a main interior compartment with a folding flap held by an elastic band to store your computer up to 14". It is also compatible with Mac Pro 14 and Mac Air 15.

Thanks to its composition, the protective cover remains light and practical. With its compact size, you can easily slip the cover into a backpack or a carrying bag.

BOX CONTENTS

- 1 x sleeve PC 13-14"

Characteristics

36X35X0,8

36 X 0,8 X 27
