

## XP30 SPORTS CAMERA

THE FIRST T'NB WATERPROOF CASELESS CAMERA.

No longer be afraid to take it everywhere with you, discover the XP30 camera.

It allows you to take pictures up to 16 MP and to film in 4K !

Thanks to its different capture modes (burst, self-timer, timelapse, slow motion...), you will be able to live again and again your achievements from all angles endlessly !

Its 2" LCD screen will allow you to preview your photos and videos, and permits an easy and fast navigation between the different modes.

With the dedicated app and its WiFi function, you will be able to manage your contents remotely, from your Smartphone or your tablet.

Provided with 10 accessories, including a floating handle to come with you in the water, and an extra battery to never run out of battery !

No matter what the activity might be, outside or inside, under water or in the air, in family or with friends,

**Compact, resistant, waterproof**
