USB-C to HDMI adapter

DISPLAY YOUR PHONE OR LAPTOP SCREEN ON AN HDMI SCREEN

This new type C adaptor allows you to connect your PC USB-C port to an HDMI screen, all while connecting your standard USB devices and a USB-C charge cable. This adaptor allows you to display your PC screen on your TV or compatible HDMI screen up to 1080p. It insures also the display of the videos. All you have to do is connect the adaptor to the USB-C port of your PC, then to your TV or projector via an HDMI cable (sold separately).
Use your standard USB port to connect your devices such as a USB key, a mouse or a keyboard or even a USB cable to sync and charge your smartphone. You can also connect a charge cable to the USB-C port to charge your computer
