

directional rear lighting for bikes and e-scooters

SIGNAL YOURSELF WITH THIS PACK OF INDICATOR LED FOR BIKE.

Directional LED bar with clamp mounting system placed under the saddle of your bike or on the rear mudguard of your scooter.

This LED signaling system has 6 modes:

- Left Arrow to announce a left turn.
- Right Arrow to announce a right turn
- 4 SOS modes to announce your location or a possible problem. (constant red light, flashing red light, warning 1, warning 2)

The remote control attached to your handlebars allows you to control the light signals in complete safety while traveling by bike or scooter.
